A. H. CLEMENT, Editor.

Election Contest

The evidence in the contested election cases in this county is being taken in the court room here. Col. A. E. Strode, Judges Henson and Jackson represent A. R. Harwood and A. H. Clement and Hon. Jno. L. Lee and Volney Howard represent Messrs Burke and Floyd. The deposit-ions will probably be concluded this week and the case will be heard before some judge at the October term of our circuit court. The Governor has not yet appointed a judge to sit in place of Judge Hundley, who is ill in hospital at Richmond.

Writ of Election

Upon instructions of the governor, the secretary of the Commonwealth wrote to the sheriff of every county in the state and the sergeant of every incorporated town calling an elect i n to be held on Tuesday November 6, for approval or disapproval of the $50,000,000 bond issue for highway construction. The wording of the writ of election is as follows:

"Whereas, by an act approved March 29, 1923, entitled an act to submit to the voters of the state and the several counties and cities thereof for their approval or rejection, the question of whether state bonds for roads shall be authorized by the general assembly of 1924, and providing for the certification of the result of such election in the state at large and by house and senatorial districts, it is made the duty of the governor to issue a writ of election directed to the sheriffs of the counties and the sergeants of the cities and towns of the commonwealth calling an election to be held under the provisions of the said act on Tuesday after the first Monday of the month of November 1923.

"These are, therefore, in the name and by authority of the state of Virginia, to require you to cause an election to be held in your said county or city on the Tuesday after the first Monday of the month of November 1923, in accordance with the act aforesaid."

Good Roads and Bonds

H. Ered Easary, Washington correspondent of the Baltimore Sun who has been investigating North Carolina's highway system, has the following to say concerning the results being achieved by road builders in that State:

"The net results is that something more than 6,000 miles of hard surface and low grade highways will be built by the end of 1925, a system unsurpassed by any in the Union and far in advance of any in the South."

Mr. Easary particularly praises the trunk line system which connectsevery county seat with every other by the shortest possible route. He says that purely local interests are being disregarded and "up to this time politics has been literally outlawed in the carrying out of the program."

The correspondent reports that when completed two years hence, the North Carolina road system will be the most modern, mile for mile, of any on the continent. It will be the most modern because it will be the newest, and it will have been built practically all at once, instead of piecemeal.

So successful was North Carolina's first road bond issue of $50,000,000 that the legislature of 1923 with hardly a handful of dissenting votes, authorized an additional bond issue of $15,000,000. Speakers at a recent convention of the Virginia Good Roads Association deplored the fact that politics are holding back a progressive road building program in Virginia, but expressed the belief that ultimately Virginia would fall in line with her sister states, which through bond issue, are constructing modern highway systems.

Although it has floated and is retiring large bond issues North Carolina, unlike Virginia, has no property tax for the building of State highway system. From Virginia Good Roads Association.

SHORT CUTS IN STATE NEWS

The Latest News From All Over the State

HAPPENINGS OF THE WEEK

Covington. — George A. Stephenson, for thirteen years assistant postmaster in the local office, was recently appointed to the position of postal inspector. Mr. Stephenson is well known in this city and is a native of Highland county. He left for Washington, D. C., where he will report to the chief postal inspector, who will assign him to his new duties.

Petersburg.—W. M. Duncan, physical director of the local Y. M. C. A. for the past twelve months, and who tendered his resignation to the board of directors some time ago, has gone to Charleston, W. Va., where he will take up his new duties as director of the "Y" in that city. T. F. Barclay will succeed Mr. Duncan. Mr. Barclay is a Petersburg boy and well qualified for the position.

Danville.—Henry county officers found a new case in the rum-running business. Stopping a motor truck, which was empty, and loose after a heavy car had knocked their car out of the road, they found that the machine had a false body and that an eight-inch tank running the entire length of the body was directly connected underneath and that it contained 165 gallons of liquor. The driver and car were being held.

Danville.—The Southern Amusement Company, which has had a monopoly on the moving picture business in Danville for several years, is to have opposition. Announcement has been made that peerless conspired as a billiard parlor will be converted into a moving-picture theatre. Jake Wells, of Norfolk, is said to be behind the movement, although K. C. Arey has confirmed the report that a new enterprise will come here.

Danville.—The city school board held an important meeting and extended the age limit of school children who will be permitted to attend the session opening September 5. Under a prior ruling only children becoming 7 years of age one month after the date of opening could attend school. The new decision is that children becoming 7 years of age by January 1, 1924, may begin attending school at the forthcoming session.

Lynchburg.—A cat belonging to the family of Wesley Ferguson at Prospect recently adopted and is now performing the duties of mother to five young squirrels. The mother cat grieved for a time over the loss of her own family, adopted the squirrels and now guards them continuously to protect them from the envy of other felines of the neighborhood. The feline is reported to be showing an unusual affection for her adopted brood.

Fredericksburg.—Graves of French soldiers who fell at Yorktown during the Revolutionary War will be marked and the plot made a permanent memorial by the Virginia Department of the American Legion, it was determined at the fifth annual convention here. The plan was suggested by Colonel Junius F. Lynch, of Norfolk, national committeeman and former department commander, and was adopted without a dissenting vote.

Fredericksburg. — That America went to war "to save its own national hide," was the declaration of Judge Kenesaw Mountain Landis, high commissioner of organized baseball, in an address before a joint session of the Virginia department of the American Legion and the Legion Auxiliary here. His demand that the baseball field is obligation to adjust the compensation of ex-service men was greeted with cheers, despite past action of the Virginia department on the so-called "bonus" question.

Petersburg. — Petersburg breaks the record, it is believed, in having the smallest fire loss for the month of August. Chief Miller, of the local department, said that the total fire loss in the city for August would be only $2.00. Only seven alarms were turned in within the month. Other cities may brag about their fire departments and the methods used in preventing fires, but Petersburg people think they stand alone when it comes to efficiency. Every day Chief Miller has his men making inspections and showing the people how to prevent fires.

Lynchburg.—Word comes from Company B, One Hundred and Sixteenth Infantry, of this city, now in camp at Virginia Beach, that Sergeant John R. Pugh, a World War veteran, has been elected second lieutenant. The election was occasioned by the resignation of Lieutenant J. I. Pritchett.

Fredericksburg.—The manhaden fishing is not a paying one this season. The catch has been small and operating expenses very heavy. The plants have not made any money so far this year, it is reported.

Clay Tramping.

In the manufacture of glass, the clay for the pots in which the ingredients are melted must be kneaded by human feet. No mechanical means has been found entirely satisfactory in producing the proper consistency. As might be imagined, this is tiresome work for the trumper, and he often suffers greatly from sore feet as a result of this kind of work.

Lexington.—Professor Joseph Ragland Long, for twenty-one years head of the department of constitutional and international law at Washington and Lee University, has tendered his resignation to accept the professorship in the law school of the University of Colorado, at Boulder, Col.; For six years he was dean of the law school, succeeding Judge Martin P. Burks, who resigned to accept a position on the Supreme Court of Appeals.

Danville. — Edgar Reynolds was killed and Nassie Reynolds severely injured in an automobile accident near Stuart, Patrick county, on Sunday. One version of the accident is that the car was wrecked by crashing against a embankment. The other version is that the car could not round a bend in the road and turned turtle. Edgar Reynolds was taken to Stuart Hospital, where he died at 11 o'clock. His brother probably will recover. Anthony Reynolds, father of the two young men, is now serving a penitentiary term for killing another son two years ago.

Norfolk.—Norfolk post-office receipts for the month of August just closed showed an increase of more than 17 per cent over the corresponding month of last year. Up to the present date this year the receipts show a gain of nearly $35,000 over the corresponding time last year. It was announced by Postmaster C. C. Wright. The total receipts of the office from January 1 to August 31 of this year, were $493,821.98. Postoffice officials say that most postal receipts show an increase it is a sign that all other business is on the up-climb.

Winchester.—Schools of Frederick county will not open until October 15 this year in order to release between 700 and 800 high school students for work in commercial apple orchards of the Winchester district. The last time will be made up by holding school on Saturdays and holidays. Labor continues scarce, and many growers said they would have to depend, to a large extent, on help obtained from boys and girls of the county high schools. The commercial crop of the Winchester district will amount to approximately 500,000 barrels of good marketable apples, many of which will be shipped to England.

Winchester. — William Shapholtz, who cranked his "flivver" while it was in gear on top of a hill here, narrowly escaped being seriously injured, if, indeed, not brained against a tree, in his frantic efforts to get the car under control. The machine started down the hill with Shapholtz leaping to the running-board, and as its speed increased and the car swerved first one side and then the other, scores of pedestrians scrambled for places of safety, while other cars suddenly darted into side streets. Unable to get the car under control, Shapholtz started to jump, but the machine struck a telephone pole and fence nearby.

Winchester.—Suit has been filed in Corporation Court and an injunction asked by W. Taylor Wall to restrain Mrs. Clara V. Fults from removing certain fixtures from the handsome "show-place" residence of the late W. L. Fults, which Mr. Wall recently purchased at public auction at a sale by court order. Mr. Wall alleged that he bid on the property in good faith, according to the advertisement, which stated that the house contained among other things a "specially designed sleeping porch," "two bathrooms," and other modern conveniences. Mr. Wall charged that Mrs. Fults, the widow of W. L. Fults, was proceeding to remove many of the fixtures from the premises, claiming they were her personal property. Mrs. Fults asserts that she purchased the fixtures with her own money, and that they do not belong to the Fults estate. Mr. Wall's attorney has asked Judge Whiting for an injunction.

Fredericksburg. — Willie Minter, 21, of Stafford county, is dead, Dan Speaks, of Washington, is in a critical condition, and three other men are recovering from painful injuries, as the result of an automobile accident in King George county, when the car in which the five men were driving to Colonial Beach skidded from the roadway and crashed into a telephone pole. Minter's chest and abdomen were crushed. He died in a local hospital. Speaks, owner and driver of the car, suffered a broken arm and numerous cuts and bruises. His recovery is said by hospital authorities to be doubtful. The other three men, Lewis Shelton, Willie Jones and Monroe Shelton, were less seriously injured. Speaks, it was said, crowded to one side of the roadway in an attempt to pass another automobile. His car skidded into the ditch, striking the telephone post. The post was broken and the car overturned, pinning the occupants beneath it.

Fredericksburg.—Sam Berry and Everett Payne, of Falmouth, have the unique record of catching five foxes in five hunts this season. They now have three full-grown live red foxes in a cage, and killed two on the ground. The fox hunters have a pack of fourteen exceptionally good hounds.

Lynhburg. — The Travelers' Aid Society here during August assisted 1,151 people, of which 457 were men; 591, women; seventy-one, girls, and thirty-eight boys, while 314 negroes were given assistance.

Voltaire Pleased With Puppet Show.

At all times puppet-shows have appealed strongly to the artistic and creative temperament. Over 200 years ago a staid member of the French academy, Malesieu, wrote plays for the marionette stage, one of them being performed before the duke of Bourbon in 1705. Voltaire not only enjoyed such diversions, but on one occasion assisted in manipulating the figures.

COMMERCIAL

Weekly Review of Trade an Market Reports.

BALTIMORE — Wheat — Car lot sales included 3,500 bu. No. 3 garlicky spot, $1.01¼; 2,000 bu. No. 3 garlicky spot, $1.02; car sam- grade, $1.01; 2 cars No. 3 garlicky spot, $1.01¾; 2,674 bu. UNCLE SAM'S SAFETY SIGNAL

DESPITE the squalls that have swept investment seas during the past few months, Treasury Savings Certificates still stand as a beacon light to guide the investor into a port of safety.

These certificates, guaranteed absolutely as to principal and interest by the United States government, are issued in denominations of $1,000, $100 and $20 at cost prices of $820, $82 and $20.50, respectively. They are free from all state and local taxes (except estate and inheritance taxes) and the normal federal income tax.

They are easily procurable through any postoffice.

Caldwell — Howerton

The marriage of Miss Sara Elizabeth Howerton and Mr. Hubert Hunter Caldwell was celebrated at Salem Methodist church September 5, at 3 o'clock. The groom's brother, Clarke L. Caldwell performed the ceremony assisted by Rev Bouldin, pastor of the bride. Mrs. W. B. Caldwell presided at the organ, giving a beautiful program before the ceremony, and Miss Jones sang 'Because' before the bridal party's entrance. It was a rainbow wedding, and the beautiful girls and costumes with lovely church decorations made an unusually pretty tableau. The groomsmen were dressed in conventional black. The following were bridesmaids in pastel shades: Miss Nannie Caldwell in lavender organdy and lace trimmings with Franklin Marshall; Miss Agnes Davidson in blue organdy and lace with Davis Smith; Miss Virginia Harvey in green organdy and lace with Frank Thompson; Frances Smith in yellow organdy with James Robert Ford; Evalena Caldwell in green organdy and lace with Edward Bates; Miss Virginia Hunter in yellow organdy and lace with John Watson; Miss Pearl Caldwell in pink with James Caldwell Jr.; Miss Gladys Smith in pink with Howard Gilbert; Miss Florence Caldwell in lavender with Glenn Deacon; Miss Eula Howerton in blue with Raymond Caldwell. Miss Edith Davidson in white organdy and satin was maid of honor, Mr. Harvey Caldwell best man and Misses Nannie Jones and Louise Dickerson gowned in white frocks were flower girls. The bride radiant in brocaded satin trimmed with lace and pearls and tulle veil with crown of orange blossoms met the groom at the altar by light of candle sticks.

The bride is the beautiful and accomplished daughter of Mr. and Mrs. A. H. Howerton of Reedy Springs, and the groom is the second son of Mr and Mrs. M. C. Caldwell of Appomattox, and it is a union of two of the oldest families in the county, being descendants of the Hunters Jones, Moors, Fields, and Cheatham of Campbell and Appomattox.

The bridal party was served delicious salad and sweet courses at the home of the bride before the wedding and a magnificent reception was rendered by the groom's parents in their home Oak Grove, same evening, and old Virginia hospitality was dispensed in a supper of several courses.

Guests from a distance were from Louisville, Ky., Pittsburg, Lynchburg, Nelson Campbell and Bedford counties and Roanoke.

Misses Ilene Smith and Mary Thompson presided over the punch bowl, and much merriment was enjoyed over the cutting of the Bride's cake.

Reedy Creek

Mrs. I. D. and Mrs. Fannie Hunter of Richmond have been visiting the past week their brother, S. P. Coleman, Jr., near Reedy Springs.

Miss Ethel Hunter and little nephew, J. W. Hunter, Jr., were visitors in the home of their uncle, S. P. Coleman, Jr., last week.

Miss India Harvey of Lynchburg, has recently been a guest of Miss Ester Coleman for several days.

They Go on Forever.

"The good die young" was never said of a joke.

Questions Asked by Tobacco Growers

The following questions are being asked oftenest by some members of Tobacco Growers' Cooperative Association:

Q. 1. Will we ever get any more money from our tobacco?

Answer Absolutely certainly.

Q 2. When will we get the third payment?

Answer When all tobacco is sold

Q. 3. Why don't they pay us the balance of our money?

Answer Because you nowhold a balance of tobacco, not of money.

Q. 4. I have been told that it will take all the balance of tobacco money to pay expenses.

Answer This is not so.

Q. 5. What about members in other sections useing to get their contracts back?

Answer Some such suits have been started, it is believed by instigators and at the expense of warehouse men. Some have been withdrawn, none will succeed. Our contract has been declared by many courts as constitutional and binding.

Q. 6. It is said this is not a farmers' Association but a scheme for a few people at the head of it to get big salaries.

Answer This is the propaganda of warehousemen. Members elect directors to have complete control of the business of our Association and who meet every month or oftener to hear reports and give instructions to heads of departments.

Q. 7. There are all kinds of rumors about members in other sections, remote from our section, being dissatisfied and not going to deliver their tobacco to the Association.

Answer Have no fear of this, Farmers are finding out that the Association pays best and are delivering in large quantities in South Carolina.

Q. 8. The farmers show a total lack of information as to the Association, its objects and aims and if you ask them about it all they can tell you is "I believe it a good thing."

Answer you don't have to believe, You know how much the Association has increased prices. Its success is beyond speculation.

Q. 9. The farmer always refers to the Association as "they" or "it" and never say "we" or "our" Association.

Answer They will be glad to claim it as "ours" or "our work" when they realize the tremendous effect it has had on the tobacco world.

Q. 10. If the members would pledge themselves when referring to the Association to say "our Association" would it have a good effect on the weak kneed members?

Answer yes, it would.

Q. 11. Of late, many asked questions about the Association requiring a landlord to deliver all of a tenant's tobacco to the Association when the tenant is not a signer.

Answer That is the contract and the law will be enforced to protect every member. If this is violated the landlord will be required to pay 5c per pound liquidated damages for every pound of tobacco not delivered by his tenants.

ATTENTION

We are agents for the Celebrated Chattanooga Cane Mills both horse and steam power. Furnaces, Pans and Evaporators for Molasses making. Write for special prices.

OBITUARIES

Alice May, the infant daughter of Mr. and Mrs. J. P. Johnson died at the home of her parents Monday, September 3rd, at 1:30 p. m., after an illness of four weeks. She was twenty-one months old and a very bright and lovable child.

Beautiful services were conducted at the home on Tuesday afternoon by Rev. Mr. Bates, followed by a short service at the grave at which the body was laid to rest in the family cemetery on the old Durrum place.

She is survived by her parents and little brother, Ralph. The bereaved family have the sympathy of the community and a host of friends.

Card of Thanks

Mr. and Mrs. J. P. Johnson wish to thank their friends for their kindness in their recent bereavement.

Mr. and Mrs. J. P. Johnson.
